

Managing your email alerts

Improve your email alerts

You can set which children or families you would like to receive new family or child alerts for. This will avoid you being alerted to new profiles that would not be possible link to any of your families or children.

Go to your account menu at the top of the page and select *"Manage alert settings"*

Please note there are two tabs in alert setting-

For adopters and adopters' social worker – *family finding – children*

Alert settings

Family-finding - children Family-finding - adopters

Use this page to control the email alerts you receive when new children's profiles are added to the site. Please set the parameters to below to govern which profiles you would like to receive emails for. You will need to set the criteria to cover the requirements of all of the families you are managing. If you do not want to use one of the fields, simply leave it blank.

Alerts for child profiles* Enabled

Available to: No filter

Include profiles from Scotland's Adoption Register

Permanence types No filter

Min age

Max age

Child details

Ethnicity No filter

Enable or disable alert setting

If you enable alerts you can select “available to” tab select any of the families you are working with for whom you would like to receive child alerts.

Improve filter if you wish.

For children's social worker select **'Family finding – adopters'**
